Damonte Ranch Band Program

Scholarship Application

Year: _____

The Damonte Ranch Band Parent Organization's Scholarship Fund grants partial scholarships for families who are facing financial hardship. Funding for this program is limited and will be awarded based on need. Any band student who demonstrates a financial need may apply. Assistance is granted based on demonstrated financial need as well as recommendations by the Damonte Ranch Band Director. Scholarships are awarded by the Damonte Ranch Band Booster Parent Organization.

Eligibility Requirements

1. Students need to be enrolled in a band or related music class at DRHS.
2. Students receiving a scholarship are required to maintain a grade of "A" in band class.
3. Students are expected to participate in the fundraising activities offered.
4. To be considered for a scholarship, student and parents must complete this application and submit it to the Band Director.

All requests for fee waivers are kept strictly confidential. Financial assistance is for "Fair Share" fees only and may not be applied to other band expenses. **By accepting scholarship assistance, students agree to participate in fundraising opportunities, and parents are strongly encouraged to participate in at least one of the Booster program volunteer opportunities.** Scholarships are awarded for one school year and applications must be submitted annually. If more than one student per household is applying for a scholarship, a separate application for each student is required. Scholarships will be paid directly to the activity to be covered and not directly to the student after fundraising events when student fundraising efforts can be recognized, and the student's final balance is totaled.
